Synopsis (Not for Publication)

Grenfall Lorry, a wealthy young American, meets a young girl and two elderly companions from a Balkan kingdom. He falls in love with the girl and follows her, with a friend, to Graustark. There he discovers she is the Princess Yetive and that two neighboring princes, Lorenz and Gabriel, are trying to force her into marriage. To save her country, she decides to marry Lorenz. He is murdered before the ceremony can take place and Lorry is suspected of the murder.

The Princess protects Lorry, though by her action she places half of her kingdom in jeopardy to Lorenz's father. At the last moment, Lorry's friend discovers that Gabriel was the murderer. Yetive and her country are saved. The Princess forces her counsellors to permit her to marry Lorry and rule with him as her consort. Lorry's friend marries the countess, with whom he has fallen in love.
